

Wi-Fi CO2 Detector with LCD Display

MyAngel CO?: Air Quality Monitor with High-Precision NDIR Sensor monitors CO? levels (400–5000 ppm), temperature, and humidity with a high-precision NDIR sensor. Triggers audible, visual, and vibration alarms when the threshold of 1000 ppm is exceeded. Remote control via Wi-Fi and Smart Life app for iOS/Android. Suitable for tabletop or wall installation. Powered by AA batteries or 230V mains (power adapter included).

Descrizione

MyAngel CO? – Smart Air Quality Monitor with NDIR Sensor.

Smart air quality monitor designed to **accurately detect CO? levels** (from 400 to 5000 ppm), **temperature**, and **humidity** in indoor environments. Thanks to its **high-precision NDIR sensor** and **fast response time** (<15 seconds), it's ideal for ensuring **healthier air** in **homes, offices, schools, gyms, RVs, labs, greenhouses**, and other enclosed spaces. When **CO? concentration** exceeds **1000 ppm**, the device automatically activates an **audible alarm** (85 dB), **visual alert**, and **vibration warning**, signaling potential **health risks**.

The **MyAngel CO? monitor** features **Wi-Fi connectivity** and is compatible with the **Smart Life app** for **remote control** via **smartphone** (iOS/Android), sending **real-time notifications** even when the user is away. Its **backlit LCD display** offers clear and intuitive readings of **CO?**, **temperature**, and **humidity** at any time.

Wi-Fi CO2 Detector with LCD Display

It can be **wall-mounted** or placed on any **flat surface**, adapting perfectly to both **residential** and **professional environments**. Powered by **AA batteries** or **230V mains** (power adapter included), it continues to operate during power outages thanks to its **automatic backup system**.

The monitor operates in **stand-alone mode** and does not require additional hubs. Ideal for preventing **health issues** caused by **poor ventilation**—such as **drowsiness**, **headaches**, **lack of concentration**, or **respiratory discomfort**—**MyAngel CO?** is an effective solution for the well-being of **adults**, **children**, **seniors**, and **pets**.
