Description

BodyOne – Health on your wrist

Monitoring temperature has never been easier. BodyOne is the wristwatch that **takes care of your health** and that of your loved ones in real time.

Thanks to the handy Android and iOS app, you can monitor parameters directly from your smartphone.

Main features

- **Temperature measurement**
- Activity Tracker
- GPS
- Calls, SMS, SOS
- Fall detection

BodyOne **measures temperature** in real time. If the temperature is too high, the watch will emit a warning sound.

If you put it on your child's wrist you can measure their temperature easily and quickly.

BodyOne is a reliable ally for your **physical activity** thanks to the pedometer and GPS function.

If you put it on your child's wrist you'll always know how much they've moved and where they are. If equipped with a SIM Card, BodyOne allows you to **make calls**, send SMS and transmit SOS to emergency contacts in the phonebook.

If you put it on your child's wrist you won't have to worry if they forget their phone at home.
