Description

The new **SmartDHOME Wi-Fi smart plug with Schuko socket** is the perfect device to give you full control of your appliances directly from your smartphone. Not only can you turn connected loads on and off, but you can also monitor energy consumption in real time, optimize energy use, and enhance your home's safety.

Why choose the new Wi-Fi smart plug?

- **Remote control:** turn devices on and off from anywhere using the dedicated *Smart Life* app.
- **Consumption monitoring:** detects energy usage in real time for efficient energy management.
- **Easy installation:** quick setup via Bluetooth and Wi-Fi with the intuitive *Smart Life* app.
- **Universal compatibility:** designed to work with a wide range of appliances thanks to the Schuko socket.

- **High safety standards:** certified with RoHS, FCC, and CE for safety and reliability.

Do you have a photovoltaic system and haven't found the right monitoring solution yet?

Discover the **MEM line from SmartDHOME**, compatible with the *Smart Life* app. These devices allow you to monitor the energy produced by your photovoltaic system and always have daily statistics at your fingertips to help you decide when to turn loads on or off using your **Wi-Fi smart plug**.
