

Gateway MyVirtuoso Home

Technical Note P/N 01335-0320-01 / 01335-0350-00 - rev. 1 date: 11/11/2021

The main element of the MyVirtuoso Home home automation system is the wireless Hub which guarantees the functionality of the rules set by the user and communicates with the MyVirtuoso Home sensors and actuators installed in the home.

The Hub, the brain of the home automation system, is available in two different models: ES (01335-0320-01), without battery, and ESB (01335-0350-00), with backup battery. No type of masonry is necessary to make the system work. Just connect the Hub to the power socket and to the internet line and MyVirtuoso Home is ready to give life to your home!

Gateway MyVirtuoso Home

Technical Note P/N 01335-0320-01 / 01335-0350-00 - rev. 1 date: 11/11/2021

Features
